

# Practical Exercises N° 3 - Debriefing

---

Nom	Prenom
BADAROU	Mikdaam

## Exercise 1 - Book

1. Declare a record `Book` with `title` and `author` components.

```
public record Book(String title, String author) {}
```

2. Adding main method to the `Book` record

```
+ public static void main(String[] args) {  
-     var book = new Book("Da Vinci Code", "Dan Brown");  
+     System.out.println(book.title + ' ' + book.author);  
+ }
```

## Exercise 2 - Liberty, Equality, toString

## Exercise 3

## Exercise 4 - Bubble Sort
